SKILLS

- **Professional:** TypeScript (React, Next.js, Astro, NestJS, Capacitor, Electron), C/C++ (N-API, Webview, AVR, Flutter Plugins), Python, Flutter, PostgreSQL, MongoDB, Redis, Docker, Terraform.
- **Personal:** C, Rust, Lua, Compilers, LLVM, Linux Device Drivers, Network Programming, Raylib, WASM, CMake, Valgrind, GDB.

PROFESSIONAL EXPERIENCE

- **Senior Software Engineer | Green Collar Global** Nov 2023 – Present
React, Next.js, Flutter, C++, NestJS, PostgreSQL
Bengaluru, IN
 - WIP...
- **Freelance DevOps Engineer | Centillion Labs** Dec 2023 – Feb 2024
Terraform, Docker, Kubernetes Remote
 - Designed and implemented a Terraform-based automation pipeline for the data-science workflow, reducing manual effort by 100% on setting up the infrastructure which accelerated quicker release cycles.
 - Contributed to the infrastructure migration to Kubernetes and containerizing multiple services.
- **Freelance Full-Stack Developer | E-commerce Clients** Jun 2023 – Feb 2024
React, NestJS, MongoDB, Docker [🔗nativefoodsindia.com](#), [🔗ganeshsahsilks.com](#)
 - Built responsive website and admin portal with good user experience using React, MUI and Tailwind CSS.
 - Designed and implemented REST APIs with core commerce modules including order & preorder workflows, inventory services, customer profiles, discount engine, and secure payment gateway integrations.
 - Enabled clients to scale operations and achieve a 5x increase in digital order volume and revenue.

PROJECTS & CONTRIBUTIONS

WIP...

EDUCATION

- **Kongu Engineering College** Tamil Nadu, IN
B.Tech in Artificial Intelligence & Data Science; GPA: 7.48
Nov 2021 – Mar 2025
